1. DDP					The attached memorandum asks the DDP to keep the External Research Staff (State) in business, because [redacted] functions on behalf of CIA, PRB, RAB, Army, Navy and Air. All these departments informally agreed to this policy at a meeting on 26 March.
2.					You can safely concur with the attached memorandum because it achieves one of the goals sought in our 16 March memorandum, a copy of which is marked Tab A. That memorandum, incidentally, was referred by Mr. Dimor to Mr. [redacted] and was the origin of the aforementioned 26 March meeting.
3.					This action unfortunately does not provide for continuing the Political Activities Branch, as also had been recommended in Tab A. This omission is the result of two factors: (a) DDI elements have little concern with the Political Activities Branch (PAB), and consequently much less interest in its continuance; and (b) State consistently has contended that it will not eliminate the PAB functions from the OIR mission merely because it eliminates PAB. State's contention consequently gives DDI little to challenge. Nevertheless we consistently have maintained that the international aspects of Communism cannot be treated effectively by the amalgamation of geographic area divisions of which OIR will consist if PAB disappears, and have insisted to AD/IC that DDP approval of the attached paper will not relieve DDI of responsibility for finding a similar formula for PAB.
4.					I have skipped channels for this matter because: (a) Mr. Dimor already (over)
